Dear Ms. Meeker,

I received your letter addressed to Judith Dornstein, the former Treasurer of the Hollywood Women's Political Committee and am in the process of tracking down the related documents. As you know, the Hollywood Women's Political Committee closed in 1997 so finding the related documents means going into storage and through the personal files of our board members. For this reason I would like to request a one-month extension of time for our response. We will get you our information no later than September 22nd.

If you have any questions please call me at (310) 551-4047. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Lara Bergthold".
